"Keep Canadian dollars. In Canadian pockets"

Core Focus: Exceptional solid metal fabrication and heavy-duty structural steelwork.

Manufacturing Identity: **"Proudly Made in Canada"** facility, focussing entirely on local manufacturing, sourcing domestic raw materials, and retaining economic capital within Canada.

Finishing and Treatment: Employs a specialized, multi-stage protective technique where every product is meticulously primed and painted to withstand severe weather elements.

Quality Assurance: Built for maximum durability, their premium product lines are backed by a competitive Lifetime Warranty, which highlights their confidence in structural integrity and strength.

Exceptional Solid Metal Work: Specialized Canadian steel/metal fabrication company.

For many yes, this is a great tool for restricting/allowing access for vehicles. The collapsible bollard has a **3.5”** height when folded. The average vehicle has a **6”** ride height. If driving a sports car or other low vehicle be sure to measure ground clearance before allowing access to drive over the bollard.
